

New user registration fee:

The new user registration fee is \$250 per new user. The new user fee entitles the user to training in microscope use, specimen preparation and scientific/technical support from EMU staff. This will be applied at the first billing cycle after registration. All instrument use will be charged at the hourly rate with no additional charges for training and support. For Corporate rates, please consult our Industry liaison (<https://www.analytical.unsw.edu.au/facilities/emu/IndustrySolutions>)
